

## Why Not Get Some Rewards?

### How Points Are Awarded - per Gal

	Super Premium	Premium	Professional	Commercial
5 Gal	250	150	100	50
2 Gal		60	40	20
Gal	50	30	20	10
Qt	13	8	4	

**Total gallons multiplied by the points associated are tabulated yearly.**

**So if a customer buys 200 gallons of Regal premium (549) in a year  
They would have  $200 \times 30 = 6000$  Points to spend.**

*Points never expire once earned and will keep accruing.  
The contractor would need to have acknowledged their account info,  
accepted the terms and conditions of program and setup a personal password  
before they could redeem any points in their account*

**Remember Also That Hubbard's has the only Automatic - No Submit Feature**

These are some examples of what the points can get.  
**But it is roughly 1% in value. So 50,000 points is worth about \$500-.**
